

The Reimagining Conversation Groups identified that our parish community needs to better understand other communities – specifically racialized communities. To enact the motion at Vestry in February 2021 to address issues of anti-Black racism and bias at Holy Trinity and in the wider community, we need to learn – unlearn – together.

To help us all better understand the complex history of Canada's racialized communities, Brother Reg Crenshaw is leading a series of film and conversations. All sessions run from 6:30 – 8:00pm at this Zoom link: <https://bit.ly/3A7OdWW>  
There are three parts:

Part 1: Focuses on Indigenous Communities. This part began in early January, and there are two sessions remaining: February 10 and 17.

Part 2: Explores the history of Black Communities in Canada, on March 3, 10, 17 and 24.

Part 3: Discusses the Asian Communities in Canada on April 7, 14, and 21.

**In learning about other communities, we learn about ourselves.**

*Join fellow parishioners for films  
and conversation.*
